

The industry standard for financial consolidation, reporting and business intelligence.

Qvinci is a global leader in financial reporting technology. Our patented software works with QuickBooks® to provide you with insightful reporting and game-changing analysis. Set-up is quick and easy. Impact is immediate.

Benefits to the business

Hassle-free, immediate access to the GL means no more sending passwords or waiting for updates.

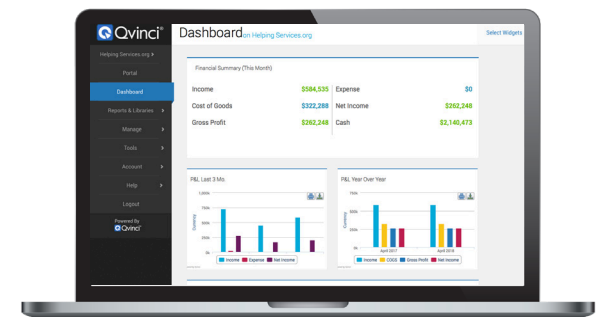

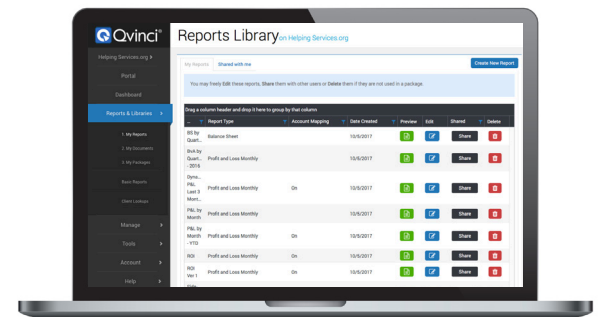

Journal Entry creation and management increases communication and collaboration between you and your client.

Financial and business intelligence reports that benefit your client. Consistent reporting of Profit & Loss, Budget vs Actual, Balance Sheet, Cash Flow and AR/AP delivered via PDF and/or Excel on-demand through the Qvinci portal or user download.

Benefits to the accountant

Empower yourself and your accountants to be viewed as strategic advisors by providing the actionable financial insights and business intelligence your clients demand.

Differentiate your practice or firm to facilitate new client acquisition, increase revenue from value-added consulting services and boost client retention.
