

SERVICEM8

The app for contractors, trades & home services.

ServiceM8 helps manage the front-end job management for field service businesses, from a client's first call through to scheduling, quoting, invoicing & payment. From there, ServiceM8 integrates with QuickBooks Online to form an end-to-end field service package.

Benefits to the business

A better system for field service.

ServiceM8 streamlines how businesses manage scheduling, jobs, staff & customers. Built-in processes help them get work, get it done & get paid.

Customer service.

Better scheduling, automated reminders, and templates for emails, texts, estimates & invoices ensure professional client communication & better customer service.

Productivity & efficiency.

With professional quotes, smart scheduling, navigation & easy job documentation, businesses win more work, complete it faster, and earn repeat customers.

Cash flow. With the ability to invoice & collect payment on site through the ServiceM8 app, and set automated payment reminders to customers, the business gets paid as soon as possible.

Cloud-based control.

All job statuses, scheduling, staff locations & updates sync across the business in real time. With the app, the owner can run the business from the palm of their hand.

ServiceM8 & QuickBooks.

An end-to-end package for field service. Work is captured once & guided through a best-practice workflow of communication, job management and accounting.

Benefits to the accountant

Streamlined invoicing.

ServiceM8 clients, items, invoices & payments all sync to QuickBooks, meaning you'll spend less time trying to make sense of your clients' numbers, and more time helping them grow and meet their obligations.

Helping your clients get

organized. If your field service clients struggle with problems caused by inefficient, paper-based systems, starting them on ServiceM8 is a great way to help them transform to run a more productive, professional operation, and enjoy a better lifestyle.
