

Payments

Powered by Bolt

With **Online Invoice Payments**, powered by Payments by Bolt, your customers can pay your invoices online, and you can process the payment with your chosen payment provider. The payments can be recorded against an invoice to save you time when reconciling accounts. Just connect QuickBooks Online and your payment provider to **Online Invoice Payments**, and we'll provide you with a payment link that you can send to customers in your invoices and emails. Improve your cash flow and save yourself time while providing convenience for your customers.

Benefits to the business

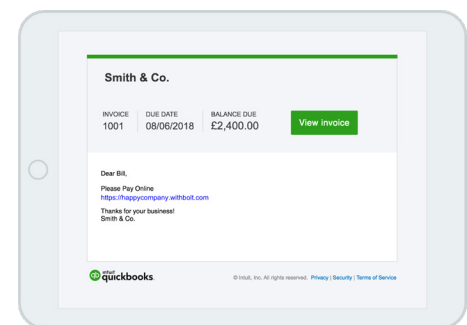

Connect your Payment Gateway. Take advantage of the rate that you have negotiated with your payment provider and use it for QuickBooks invoices.

Improve your cash-flow by getting paid faster. No need to wait for the bank run.

Save Customer Cards. Customers can save their cards for faster payments in the future.

Take the hassle out of recording and reconciling payments. Our auto-record payment feature keeps you up-to-date.

No need to keep checking the bank statement. We'll notify you when a payment is made.

Benefits to the accountant

Auto Record Payments. Reduce the bookkeeping load with our record a payment feature.

Collect payments on behalf of your clients. Send payment links to your clients' customers or take a payment over the phone with our payment page.

Manage clients' payments in one place. No need to switch between platforms, regardless of the payment provider.
